*Please note: **February 22, 2014** is the 2013 data year-end close out. All case histories and/or Confidential Morbidity Reports with 2013 illness onset date should be submitted as early as possible. The State needs additional time to review and close out the LHD-closed out cases that require State review before submission to CDC. Note that cases not submitted by the deadline for provisional counts may still be submitted and included in the final 2013 count for California.
